ACCOMMODATION

WITH A HOST FAMILY

I AM STAYING WITH A FRENCH FAMILY WITH MEALS INCLUDED

You really have the opportunity of discovering and taking part in the French lifestyle and of enriching your knowledge of the language.

Our host-families work with us in order to:

- welcome you in the best way possible
- integrate you as much as possible into their family life
- help you in your progression with the French language
- offer you French or continental breakfasts
- offer you half board in the evenings (between 19-20.30)
- provide you with bedding and towels and to change them every week
- give you keys to the apartment

Attention, however:

The families are not obliged (except under particular contracts) to provide you with lunch on Saturday or Sunday. French breakfasts are composed of tea, coffee, milk or hot chocolate with bread, biscuits, butter, jam, cereals and yoghurt.

Speak with your host family about your arrival. Inform your host family if you decide not to eat a certain meal with them. No meal will be refunded.

The host families are not 'your servants'. You must tidy your room, make your bed and turn out the lights.

The host family does not control what you eat, your showers or baths, however it is up to you not to abuse them – you are not living alone.

You are free to go out and to return whenever you like. For under-18s, the French family is in charge of strictly enforcing the curfew times set by your parents. French law is strict on this issue and any under-18 student who doesn't keep to the curfew times will be expelled from the course and from the host family without any refund.

OTHER ACCOMMODATION

I AM STAYING WITH A FRENCH HOST WITHOUT MEALS

Our hosts work with us in order to:

- welcome you in the best way possible
- help you in your progression with the French language whenever they are available
- help you settle into your life in France
- offer you a clean and comfortable room
- provide you with bedding and towels and to change them every week
- give you keys to the apartment
- offer you the possibility of using the kitchen

Attention however:

- The preparation and purchase of your food is your responsibility, but you can also consider sharing.

• This style of shared living is intended to be flexible and fair for everyone. Furthermore, it is normal to share the housework in the communal areas that you use (kitchen, bathroom, toilet) and the cleaning of your room is entirely your own responsibility. We also ask you to leave your room in the same state of cleanliness and tidiness in which you found it on your arrival.

• The host families do not control what you eat, your showers or baths, however it is up to you not to abuse them – you are not living alone. That is important at home and also with a host!

• Their telephone is not at your disposal, except to receive calls or in an emergency. If you have a mobile, give your number to your host family or your host... that can be useful!

• After 10pm, be careful not to make too much noise, not to wake your French hosts and to respect your neighbours.

- You do not have the right to take a stranger or a friend back to your host's house without their permission.

- There are automatic laundry facilities in every district for you to wash your laundry. Your host will be able to lend you the necessary equipment for ironing.

- In case of theft or loss of the keys to your accommodation, you will have to pay for the replacement of the locks.

- You are responsible for any breakages or any damage you may do. The price for repair is entirely your responsibility or the responsibility of your insurance.

- If you wish to prolong your stay, please speak to the school's receptionist about it first.

- Finally, for any breach of the basic rules of communal living, Alpha.b's administration reserves the right to take necessary measures without either of the two parties being able to appeal.

- Any issues with your accommodation have to be reported immediately to the school administration. Any complaints received at the end or after the language stay is not admissible.

Thank you for your understanding and don't hesitate to contact personally the school manager.

MINOR STUDENTS

If you are under the age of 18, we have asked your parents to complete a discharge of responsibility and acknowledgment of risks for minor child.

The parents must be informed that alpha.b is a French school, fully respecting the European Norm EN14804 and cannot be considered at a summer camp or campus for minors.

Indeed, the parents need to understand that Alpha.b cannot hold responsible of our child's behaviour outside of the school and that Alpha.b cannot monitor our child outside of its premises, even if our child is absent from class.

In the case of a curfew, the host family ensures that this curfew is kept. If you have a mobile, your French host family must have your number in order to contact you if needed or if you are running late. Your host family will always have to ask you where and with whom you plan to spend the evening.

In case of a lapse of the curfew set by your parents, the family must contact the director of the school on the emergency number so that he can notify the Nice town police of 'absence or unexplained delay'. It is for this reason that, if you think you may be delayed or if

you have a problem, you must call your host family to tell them... this will avoid any problems! However, having shown the significance of disruptions, if we hear that you have deliberately disobeyed

the wishes of your parents, it will lead to your expulsion from your accommodation and from the course without you being able to claim any refund for the trip. Alcohol and drugs are obviously and strongly forbidden. If the family or the school catches you in possession of such substances in the

accommodation or in class, the institute will proceed to your expulsion. The possession of drugs, even 'soft drugs' is punishable by law in France. Attendance of the course is obligatory. A certificate of attendance will be given to the parents at the end of your stay. If however you are ill, your host family will inform the receptionist of your absence that same morning. When you are doing your own activities, neither the institute nor the host family are responsible for your 'supervision'. More information on our website : www.alpha-b.fr

IN NICE

Founded by the Greeks in the 4th century BC, the town that was only a trading town back then and was called Nikaïa. Then, in the 1st century B.C, the Romans built a proper town on the current colline de Cimiez, giving it the name of Cemenelum. Over the next 10 centuries, the town experienced battles and conquests of different Provençal counts. It was only in the 14th century that the town found stability under the house of Savoy, a part of present day Italy to which it remained part of until 1860, the year of the reattachment of Nice to France under the Turin Treaty between Napoléon and Victor Emanuel Deux.

IS IT EXPENSIVE TO LIVE IN NICE?

Nice isn't more expensive than other similar European towns. Of course, like all towns in attractive areas, if you have a coffee in a popular and attractive place, you will 'pay for the location', perhaps even 30 to 70% more than if you were to have a coffee in a different district. It is the same for meals, going out in the evenings and drinks in fashionable bars.

MY ACCOMMODATION

IS THERE TRANSPORT TO MY ACCOMMODATION ONCE I HAVE ARRIVED AT NICE AIRPORT?

With a half-board host family accommodation arrangement, your host family will ensure free transport on arrival. Attention there is no free transport between 10pm and 8am and there is no free return.

For other accommodation arrangements, it is very easy to get to your accommodation once you have arrived in Nice. The airport is about 20 minutes from your accommodation by taxi (35 to 40€) or about 45 minutes by Tramway Ligne 2 (1,50€) to the city-centre. From the center, the tramway (1.5€) or a taxi (around 15€) will take you about 20-25 minutes. Whatever the chosen type of accommodation, it will be important to tell us your arrival time and train or flight number 3 or more days before your arrival. (All of this information will be detailed in our confirmation letter after we receive your registration form). If you want to book a taxi, you can call «Taxi Riviera» on +33 4 93 13 78 78 or contact us directly at the institute.

WILL THERE BE LUNCH AT THE HOST FAMILY'S?

No, it is not provided under the general terms and conditions but the student may use the kitchen. You can buy hot and cold drinks at the institute and can also have lunch for 5 to 15 € in the snack bars and restaurants near the school.

IS MY HOST FAMILY GOING TO HAVE BREAKFAST WITH ME?

Depending on the schedule of each person (work, children etc ...), breakfast may be eaten alone. The evening meal is eaten with the family.

WHEN WILL I RECEIVE THE INFORMATION ABOUT MY HOST FAMILY ?

You will receive all the information about your host family (presentation, phone number, email) before your arrival and you will be able to get in touch with them.

CAN I INVITE MY FRIENDS OR PARENTS TO THE HOST FAMILY'S HOUSE?

This provision is at the discretion of your host family or your French host. Some of them do not allow it, others in special circumstances and others for a fee. In all cases, please discuss it with them.

CAN I CHANGE HOST FAMILY/HOST?

Your accommodation is booked for the duration of your stay and you must understand that any wish to change the host family must be carefully considered and justified. Do not hesitate to talk to the accommodation officers.

WHATEVER MY ACCOMMODATION ARRANGEMENTS, WILL I RECEIVE A REFUND IN THE CASE OF EARLY DEPARTURE?

Your accommodation is reserved for the duration that you have indicated in your registration form and cannot be refunded.

WIFI?

All our families have free wifi.

WILL MY HOST FAMILY WASH MY CLOTHES?

This is not provided in our general terms and conditions, but many families will offer to wash them for free or by sharing the cost.

In any case, there are automatic laundrettes in every district.

For underage student, a free laundry per week is included for 2 weeks stays.

WHO DOES THE CLEANING?

With host family, everyone tidies their room everyday so that your host or hostess may have access to it and keep the premises clean. Also be aware that a little help is always appreciated. In the «French host» arrangement, you are responsible for cleaning your room and the communal areas (kitchen and bathrooms) that you use. Products and equipment are provided to you by your host.

WHAT IF I AM VEGETARIAN, VEGAN OR GLUTEN FREE ?

We take into account all your food allergies or food choices to find you the best family.

We regularly have vegetarian, vegan or gluten free students and all our French families are well aware of the different diets and what they imply.

When you book your stay with us, let us know in advance your allergies or food diet and there won't be any problem for you to live with a French family.

If you have any question, don't hesitate to write or talk to our administrative team.
